The Honorable Graham A. Martin
Department of State
Washington, D. C. 20520

Dear Graham:

At this difficult time for you, please let me express my appreciation for the successful evacuation of all members of this Agency and their dependents, as well as a large number of the Vietnamese colleagues with whom we have worked over recent years. I fully realize the sensitivity and the countervailing pressures under which you were operating. But the final number evacuated, despite the difficulties and confusion, testifies fully to your wisdom and courage which led to this success.

Sincerely,

W. E. Colby
